

# Attention Pharmacies

## **COVID-19 Vaccine Information**

Idaho Department of Health and Welfare will be reimbursing Pharmacies at Pharmacy Point of Sale according to the updated fee below. There will not be any ingredient costs associated with these vaccines at this time.

The quantity dispensed for each individual patient vaccine should be treated as a “milliliter”. The billing unit will be a milliliter (ML) for the individual vaccine with the quantity of the number of units dispensed depending on the manufacturer (e.g., 0.3 mL per individual vaccination) and the proper days supply a value of “1”.

Pharmacies will be reimbursed a dispense fee of \$36 (State Rule allows for 90% of Medicare Reimbursement Fees) for each dose of a vaccine.

Thank You,

**MagellanRx**
